Sorry for the slow response, Chris. I've been focused on finishing work for the Dewey Burdock project. As I mentioned during the meeting, I have not heard back from WOGCC.

Rick,

Any response from WOGCC on presenting at the UIC Director's meeting next week?

Tom and Joe,

Just wanted to touch base to see if you would be interested in giving a presentation about the Moneta Divide Project and Marlin Well AE (then and now) at the upcoming UIC Director's Meeting in December. As I understand it, there still is a slot for a state presentation that needs to be filled. If this is something you would be willing to do, please let me know, and we can add you to the agenda.

Thanks.
